## HISTORY OF THE COLORED ORPHANAGE OF NORTH CAROLINA

In August, 1882, The Colored Orphanage Association was formed in Henderson, North Carolina, by members of the Shiloh and Wake Associations. The idea was presented by Dr. Augustus Shepard, who noticed during his travel throughout the state the large number of homeless, neglected children.

At a later meeting the Association set out to find a suitable location for the prospective orphan home. Many difficulties were encountered and in October, 1883, a farm of twenty-three acres located one and one-half miles from Oxford on the Raleigh Road, was obtained for \$1565.00. One-half of the price was paid at the time possession was given. The Orphanage was named the "Grant Colored Asylum."

The Grant Orphanage Asylum ceased to exist in 1887 when "The Colored Orphanage Asylum of N. C." was incorporated. The members of the board were Rev. Augustus Shepard, Rev. Joshua Perry, Rev. W. A. Patillo, Rev. Isaac Alston, Rev. J. W. Levy, Mr. M. F. Thornton, Mr. H. E. Long, Mr. Henry Hester and Honorable H. P. Cheatham.

The Orphanage was incorporated as a non-denominational institution to receive children deprived of their parents and means of support, and to train them along religious, moral and industrial lines in order to fit them for useful law-abiding citizens.

When the Orphanage was known as the "Grant Orphanage" Rev. Joshua Perry was elected its first superintendent and Rev. W. A. Patillo was named General Agent. The Rev. Perry served for one year and was succeeded by Miss Bessie Hockin, a Canadian woman, who served from 1884 to 1886. Miss Hockin not only served without salary, but also donated her furniture to the orphan home. She had no income of her own and lived only by faith. It was during that time that Mr. Henry Hester, of Oxford, volunteered to pay all bills contracted in providing food for the orphans. Mr. Hester acted as treasurer of the Orphanage until his death in 1901.

Rev. W. A. Patillo served as superintendent for the year 1886-1887. It was during his administration that Mrs. Adline Cogwell became connected with the institution as matron. Mrs. Cogwell not only received no pay, but worked to help support the children of the institution.

In 1887 the Board of Directors elected Rev. Robert Shepard superintendent without promise of remuneration. Rev. M. C. Ransom gave board to the new superintendent until a three-room house could be enlarged. The enlarged building served as the superintendent's home, boy's dormitory, dining room and kitchen. A few years later a girl's dormitory was built, and near it a laundry building was built.

According to data received from the superintendent's report of 1902-1903, a forty-four acre farm was purchased in 1895 at the cost of \$1,440. A little later an adjoining lot of four acres was bought. In 1898 one acre of land located directly in front of the Orphanage property was bought. On this land a home for the superintendent was erected. It was a frame structure consisting of nine rooms. A small store room in the home was used for storage of clothing. Shoes were kept in an outhouse located in the yard of the superintendent's home.

A few years later a donation of three acres of land on which was located a well built house, was gratefully received. There were on hand numerous applications for admittance that had been deferred because of lack of space. On Thanksgiving Day, 1903, twenty young children and a matron moved into this new home, since space was made available for the new children.

Donations from Mr. B. N. Duke, churches, associations and fraternal orders were received yearly. Produce from the farm supplied the table, and cotton and corn were grown for the market. The proceeds from these sales helped greatly in meeting current obligations. The legislature of the State of North Carolina appropriated \$5,000 yearly to the institution. This amount was increased to \$10,000 during Rev. Shepard's administration. Rev. Shepard resigned his position at Oxford in 1907 in order to help with the establishment of the Orphanage in Forsyth County near Winston-Salem, North Carolina.

Mr. H. P. Cheatham, ex-Congressman and a member of the original board of incorporators, succeeded Rev. Shepard as superintendent. Mr. Cheatham served as superintendent from 1907-1935. In keeping with progressive ideas brick buildings were constructed during his administration to replace the original frame building. The bricks were made on the Orphanage grounds by the boys. The buildings erected were a boy's dormitory, girl's dormitory, chapel, dining room, laundry, and dormitory for small boys. The Angier B. Duke School and Office Building were erected during this time, a gift of Mr. B. N. Duke. The farm acreage was increased until it reached the size of 400 acres.

The Orphanage was re-incorporated in 1927 under the name "The Colored Orphanage of North Carolina." The following were named to the board of directors: M. F. Thornton, M. C. Ransom, J. W. Levy, J. C. Jeffries, J. E. Shepard, N. A. Cheek, Alex Peace, G. C. Shaw.

Under the act of re-incorporation it was authorized that the Governor of North Carolina would appoint five white men of Granville County as members of the board of directors.

In 1935 Mr. H. P. Cheatham died, and his son Charles succeeded him as superintendent. Mr. Charles Cheatham served for two years. At the end of the period he resigned to accept work in a northern city.

Mr. T. K. Borders was elected superintendent in February, 1937. His program emphasized the improvement of living conditions; special attention was given to health, diet, discipline and play. During the administration of Mr. Borders many improvements were made in the physical plant among which may be mentioned the installation of a heating plant in the boy's dormitory, addition of a washing machine and also sewer connection with the main sewer system of the city of Oxford. On October 15, 1940, Superintendent Borders died. The Orphanage was directed by its Assistant Superintendent, Mr. C. A. Alston, until March 1, 1941, when Mr. T. A. Hamme was elected superintendent.

Mr. Hamme found at the Colored Orphanage a definite need for continued physical and cultural improvements and the development of a definite vocational and recreational program. During his administration considerable progress was made along these lines, and efforts were made to have the institution meet standards set by other educa-

tional institutions of the state. Buildings were screened and the interiors renovated. A new modern dairy barn, stable, shop and superintendent's home were erected.

In 1946 a special financial campaign was begun to secure funds for an expansion program which included remodeling of the girl's dormitory, new boy's dormitory, vocational building, girl's cottage and infirmary.

The loss of the boy's dormitory by fire on March 20, 1948, necessitated the use of all available funds to replace the building. This dormitory was known as the Robert Shepard Building. The citizens of the entire state of North Carolina and elsewhere contributed their finances to make possible the new Robert Shepard Building, which has been in use since 1949.

Emphasis has been placed on the development of the individual child to his fullest potentialities. A scholarship fund has been established by Robert Shepard, Oxford mortician, to enable those children who have ability to continue their training above the high school level. Under this program ten children have completed courses of study beyond the high school level.

There have been improvements made in the establishment of a well-rounded vocational program. The Carver Vocational Building, given by the New Farmers of America, was put in use in 1950. The boys are taught shoe repairing, farming, dairying, general repairing and care of the lawns. This training is given through work experience.

The development of a full time sewing department greatly reduced the cost of clothing and furnishes the main part of the vocational training for girls. In addition, the girls are taught laundering, cooking and general housekeeping.

Though there has been no full-time director of recreational activities, there is a realization of the important part that this activity plays in the child's growth. More opportunities for play and socializing minimize the behavior problems of the group. The program is in a stage of development, and at the present time free play, movies, bus rides, outings, ball games, Boy Scouts programs, band and choral activities are the main recreational features.

On April 15, 1951, Superintendent Hamme died. D. O. Leatherberry was appointed by the Board of Directors as acting Superintendent until August 31, at which time Reverend T. H. Brooks was elected Superintendent and began his duties September 1, 1951. The steady progress of the past decade is being continued with emphasis on all needs of the children.

The present objective of the Orphanage is to provide physical care, individual understanding of the child and his problems, and to give training to enable the child to become an asset to the society in which he must live. Consequently, greater care is given to the selection of children in order to reduce the number of unhealthy and mental defectives that have been frequently admitted. The children's health has been very good, accentuated by the fact that there have been no deaths or serious illnesses for a number of years.

The institution is continuing to expand its facilities in the effort to meet the ever increasing need for its service in keeping with present day trends. Approximately \$500,000.00 has been raised and spent for improvements of a permanent nature during the administration of

Reverend Brooks. The following lists a few of such accomplishments: new and modern bathrooms in the girl's dormitory; new heating plants in school building, girls' dormitory and little boys' dormitory; complete renovation of Cheatham Building which houses the auditorium and dining room; complete renovation of little boys' dormitory and Angier B. Duke School Building and the building of a freezer locker. The Annie Rogers Cottage has been rebuilt and provides housing for a staff member.

In the fall of 1961 a new one-family dwelling unit, known as The Gregory Cottage, was completed on the institution's campus. This unit constructed of brick veneer, consists of five rooms and bath and was erected for the use of the institution's assistant superintendent and his family. The cottage is named in honor of the late Mr. Francis Gregory of Leamington, Ontario, Canada, who had great interest in the Colored Orphanage and was a native of Granville County, North Carolina.

## REPORT OF THE SUPERINTENDENT

Mr. J. W. Goodloe, Chairman  
 Members of the Board of Directors  
 The Colored Orphanage of North Carolina

Greetings:

I am grateful for the opportunity of submitting to you the report of activities of the institution for the fiscal year July 1, 1963 through June 30, 1964.

Total revenue from all sources amounted to \$192,470.96. This appears to be the best year financially in the history of the institution. Further analysis of our revenue picture indicates that contributions from private sources and organizations also reached a new height of \$49,307.11 or an increase of \$1,332.61 over the previous year. This healthy trend finds us both inspired and grateful.

Budget expenditures exceeded estimates by only \$114.75, whereas our income exceeded estimates by \$10,176.30. We feel that three items in our budget estimates in which income was higher than estimated produced this surplus. We estimated an income of \$19,000 from the Duke Endowment and actually received \$25,261.02. We expected to use \$15,000 from contributions and actually placed \$17,567.79 in our maintenance account. Even though a salary increase of 5% was granted last year, the increase did not consume all of the balance that was carried over in this fund. While our whole financial picture indicates a continued awareness on the part of our friends for the progressive needs of our program, it does not indicate that we have reached the point that we can relax any of our efforts in this direction.

One new organization was added to our list of substantial contributors during the year and another pledge for closer cooperation with our program has been promised for this year. Details regarding our contributions will be found in both the summary and the financial statements.

With the idea of continuing efforts to upgrade facilities in keeping with present trends in homes for children, \$26,138.43 was expended

during the year from our Permanent Improvement Fund. These details will also be found in the attached summary sheet.

On Monday, March 30, a forest fire swept through approximately 3,000 acres of woodland in the southern part of Sampson County. Both tracts owned by the Orphanage and known as our Sampson County Farm were burned over. These two tracts do not join although they are near each other. One tract consists of 106 acres and the other has thirty-nine (39) acres. Mr. Shade Herring, our tenant, called me on April 3 to inform me of the fire, stating that all of our standing timber was practically a total loss. Forty-seven acres of the large tract are cleared and the remainder is in timber. Mr. Herring also informed me that he had been offered \$5.00 per cord for this burned over timber as it stood, a salvage price offered by the firm of Turnwell and Morgan, dealers in timber products. Since this offer had to be accepted or rejected immediately so that salvage operations could begin at once, I accepted the offer and informed Mr. Herring I would come to Garland at my earliest opportunity to look the situation over personally. I next proceeded to inform the members of our Executive Committee of the loss and my decision. I was unable to reach Dr. Noblin, the others gave verbal agreement. I went to Garland on Tuesday, April 21 and found the salvage operations well underway with conditions very much as related over the telephone by Mr. Herring. We estimated our loss at about \$2,000.00. A total of 145.36 cords were sold which brought a total of \$726.83. Of this amount, \$50 was paid to Mr. Herring for his expenses and services. We also estimated that it will take the burned over area 15 years to reproduce itself.

The resignation of Reverend S. P. Biggers, former Assistant Superintendent, became effective April 30, 1964. Mr. H. V. Bryant filled this position as of May 15, 1964. Mr. Bryant received his training at A. and T. College, Greensboro, N. C., and for several years prior to accepting work here, was engaged in practical farming on his own. He has already shown evidence of being able to offer a great contribution to the overall life of the institution.

We were pleased to note that our dairy showed a gross income of \$15,142.31—net profit totaling \$2,261.11.

During the ensuing academic year we expect to have five students in advanced training as follows: Fayetteville State College—1; Shaw University—1; Winston-Salem State College—1; Livingstone College—1; and Lincoln Hospital School of Nursing—1.

## REPORT OF THE ASSISTANT SUPERINTENDENT

I am pleased to report the following for the period July 1, 1963 through June 30, 1964:

The program of general improvement started by the present administration made substantial progress. The dormitories and buildings are colorful and clean as a result of the general renovation and painting job which started in the early spring and was completed in the late fall. I think that the most significant beauty is reflected in the bright eyes and smiles of the girls and boys who seem to be happier in the improved environment.

For the first time in the history of the orphanage, our dairy program was able to step up its milk production without the purchase of additional cows; and our dairy program continues to show improvement.

The farm also showed progress, but production was cut short because of the extended drought last summer. Our most important product though, is not producing milk, as important as it is to our program. Nor, is the production of farm produce as necessary as it is to our operation and survival. Our most important product is rearing girls and boys to become self-supporting citizens. To this end, our combined thinking, planning, and working were directed toward this goal.

EVENING PRAYERS IN THE GIRLS COTTAGE

Our band concerts in Mocksville at the Annual Masonic and Davie County picnic, and in Henderson at the Eaton-Johnson School. This musical group also participated during the Shriners parade in Charlotte, as well as during the Shaw University and Saint Augustine College Homecoming parades. Our choir gave a concert in Durham at the West Durham Baptist Church: in Spring Hope, for the Women's Auxiliary to the Tar River Baptist Association; in Wendell, during the Orphanage Day program sponsored by Missionary Circles and in Fayetteville, for the Fayetteville Interdenominational Ushers Union. It also furnished music for the 13th Masonic Annual Meeting which was held in Creedmoor, N. C. The institution's boys and girls basketball teams participated in a game played at Mount Olive, North Carolina during the spring.

Through the courtesy of the Raleigh Department of Recreation all of our children enjoyed picnics which were held at the Chavis Park in Raleigh on three separate occasions. Younger children attended together during one week, the intermediates another week and the older children attended as a group at still another time. Swimming, rides, assorted amusements and picnicking were enjoyed by all.

Each month all of the children having birthdays during that month are given a birthday party on the last Tuesday in the month. This party is served in connection with the regular afternoon meal and is enjoyed by everyone. Other on-campus activities included basketball, horseshoe pitching, socials, softball and watermelon cuttings.

I would like to thank all of the members of the staff and the children for their cooperation in making this another successful year.

Note: Mr. Biggers' resignation became effective as of April 30, 1964 and he was succeeded by Mr. H. V. Bryant on May 15, 1964.

S. P. BIGGERS,

Assistant Superintendent

## ANGIER B. DUKE SCHOOL REPORT

Reverend T. H. Brooks, Superintendent:

Working with children is not the end of a teacher's responsibilities. In addition to teaching subject matter, teachers now must know how to release the creative capacities of children and how to work with their parents. However, the most challenging responsibility which faces us as teachers is that of providing the best learning situation possible for the boys and girls entrusted to us.

For the past year we have been engaged in a self-study evaluation program to determine the strengths and weaknesses in our instructional program, and how we can strengthen our weaknesses. After much study and consideration we found that there was a great need for more visual-aids. With visual-aids the child has a better chance to explore, try out, practice and apply principles and procedures.

Through the NDEA program and interested parents, we were able to get the necessary visual-aids to improve our instructional program. Learning and growing on the part of all children were evident. You, Reverend Brooks, played an important part in this endeavor.

1964 ELEMENTARY SCHOOL GRADUATES

Our total enrollment of 283 pupils included 100 orphan children. This is the smallest enrollment we have had for a number of years. Due to the drop in enrollment last year, we lost a teacher. The loss of one teacher is a great loss to any school. Realizing this, every teacher accepted willingly his or her extra tasks and worked harder to facilitate this loss so that no child would lose in any area. The result of our hard work paid off, for out of an enrollment of 283 all but 13 made sufficient progress to be promoted.

Our activity program was an asset to the school. Many children who could not achieve in their regular classes, experienced a feeling of success through our activity program. Teacher-pupil planning was at its height during this program. This gave impetus to organizing learning activities which would contribute to pupil progress in understanding skills, and attitudes, in locating materials and resources needed to make the activities meaningful.

The physical education program was at its height. It was organized by Mr. Bowman Burton, our eighth grade teacher, to maintain a balanced program of skills, physical fitness, recreation and sportsmanship. Through this program our pupils developed desirable attitudes and understanding of the role of both the individual and the group in our democratic society.

Finally, on behalf of our entire faculty, I wish to thank you, Reverend Brooks, for your interest and for the many services rendered, your wise counsel and your support in helping us carry out our school program.

Respectfully submitted,  
MRS. LENA G. SMITH,  
Principal

## REPORT OF CLOTHING SUPERVISOR

Reverend T. H. Brooks, Superintendent:

Maintaining a home is a problem for a single family unit, but a combination of families all with different backgrounds and personalities calls for much planning and constant care in order to create harmonious living.

Today, no girl's education is complete unless it includes enough instruction in sewing to enable her to prove her skill, to be able to purchase materials intelligently, to appreciate what is good in design, what material is appropriate for each garment, or household article, and the proper clothes for all occasions. Every girl should know how to make her own clothes and also how to alter ready-to-wear clothing and to add those little characteristics of the well dressed woman.

The course of instruction at the institution has tried to do just that. The clothing department has continued to carry on the tremendous job of making new garments, repairing and renovating to keep the clothing of 150 children in good condition.

The matrons in each dormitory are responsible for keeping the clothing in good repair as well as keeping the buildings in good condition. We have tried to decorate our dormitories just surroundings in private homes with curtains, pictures and bedding. Our dormitories were freshly painted both inside and outside this year. We also made new curtains for all the dormitories including the dining room.

A CLASS IN SEWING

Our sewing room is equipped with 9 singer sewing machines, 1 Rotary White portable machine (donated), 1 electric iron. The purchase of a sewing form added greatly to the neatness of our sewing. There is a modern sewing machine in the Shepard Boys building, and in the Little Boys building also, which gives us a total of 12 sewing machines.

The following is a list of the articles made during 1963 and 1964 in our sewing room:

- 110 dresses
  - 6 high school graduation dresses
  - 8 junior high graduation dresses
  - 3 formals
- 160 winter and summer gowns
- 40 fancy and plain aprons
- 60 girls shorts (constructed of denim)
- 35 boys shorts (constructed of denim)
- 40 dresser scarfs
- 40 dresser skirts
- 35 house coats
- 8 dusters
- 20 choir blouses
- 50 pot holders (constructed of denim)
- 15 sport and dress blouses
- 35 blue jeans (constructed of denim)
- 60 rain caps and scarves
- 25 men's pajamas
- 12 laundry bags
- 101 pairs of curtains

We wish to thank all those who helped to make this one of the most profitable years in the history of the institution.

MRS. BERTIE B. REYNOLDS,  
Clothing Supervisor

## REPORT OF FARM SUPERINTENDENT

Rev. T. H. Brooks, Superintendent:

I am pleased to report that the year 1963-64 has been another year of progress for our farm operations. Yet there is much we desire to do in the future to make our operation more efficient. We wish to thank you and all those who had a part in making the program a success.

Our crops as usual consist of corn, hay, tobacco, melons and various fruits and vegetables. In spite of dry weather conditions, the tobacco crop was good. The total poundage was 7852 which netted \$3,745.05. Corn and vegetables did well considering the severe drought. We are happy to report that we butchered 7,613 pounds of pork and that we have on hand at present 65 hogs and pigs.

New equipment included a new tractor, a silage harvester and a two-row corn planter and cultivator.

We extend thanks to you and to the farm personnel for all services rendered.

J. ALEX ALLEN, *Farm Superintendent*

## REPORT OF DAIRYMAN

Reverend T. H. Brooks, Superintendent:

The Dairy Department takes great pleasure in sharing in the annual report of another year of success.

Since milk is a very important substance for the body, the Dairy Department's major aim is to produce more Grade A. Milk. With the help of the farm supervisor, superintendent, and others we are thankful for a most prosperous year. Our dairy operation appears to have moved into the realm of a profitable operation commercially. For the past twelve months our gross income from the sale of dairy products has totaled more than \$15,000.00. This leads us to the belief that we are actually producing a profit for the institution.

We were able to harvest many acres of corn, hay, grain, and silage for storage in the silos. Fifteen hundred sixty pounds of beef was slaughtered.

## STATUS CODE

26 milk cows  
 10 bred cows  
 3 heifers too young to breed  
 7 animals for slaughter

---

46 head of cattle

Many thanks to the superintendent and all who helped to make this department's program an outstanding one this year.

FRANK HOWARD, *Dairyman*

## REPORT OF FOOD SUPERVISOR

Rev. T. H. Brooks, Superintendent:

A close look around the food department reveals that we are making progress and every effort for continued progress is being made.

During the past year a great deal of time has been spent training and teaching the girls who work in this department the importance of keeping our kitchen and dining room clean and orderly. This area was painted during the past year which enables us to do even better job of cleaning.

However, our training program does not end with cleanliness. Several girls have been assigned to this area for the first time and are being trained along with cleanliness to study and use recipes properly.

Other than serving an average of 450 meals we have served three visiting groups, with more than 200 being served in each group. This too, is included in our training program.

From our farm the following vegetables, and fruits have been utilized:

25 bushels lima beans  
 65 bushels string beans  
 27 bushels squash  
 281 dozens ears corn  
 78 bushels turnip and mixed greens

MEAL TIME IN DINING ROOM

54 bushels tomatoes  
 41 bushels field peas  
 20 bushels apples  
 21 bushels pears  
 2 bushels beets  
 3 bushels garden peas  
 546 pounds cabbage  
 2 bushels peaches  
 5 bushels onions  
 115 bushels white potatoes  
 602 bushels sweet potatoes

Preserved by Freezing in Number 10 cans were the following:

157 cans string beans  
 67 cans squash  
 61 cans lima beans  
 26 cans field peas  
 32 cans apples  
 65 dozen ears corn

Preserved by canning:

23 gallons pears  
 13 gallons peaches  
 108 half gallons tomatoes

JULIA M. WILLIAMS, *Food Supervisor*

## SHOE SHOP DEPARTMENT REPORT

Reverend T. H. Brooks, Superintendent:

I am pleased at this reporting period to have the opportunity to express appreciation to you and your staff for the most excellent cooperation toward making our shoe shop activities a success this year.

The organization initiated has brought about improvement in many ways and has helped the shop to more effectively serve its objective.

The shoe shop amply provides for the repair of shoes for the children of the institution while giving training to boys who are interested in the trade.

Boys in the shoe department learn various stages of shoe repairing, such as will enable them to use this training as an occupation in later life. We have six boys who are learning the trade, all of whom show lots of interest and enthusiasm.

Respectfully submitted,  
 J. M. CURETON, *Shop Instructor*

## BARBER SHOP DEPARTMENT REPORT

Reverend T. H. Brooks, Superintendent:

As we come to the end of another year, I am happy to submit our annual report for the activities of our class in barbering. I am grateful for the continued cooperation on the part of the staff and the boys who contributed to another successful year.

The students in this department are trained in the fundamental procedures surrounding the use of each tool. Sterilization of instruments and their care is an important part of the theory. Six boys were

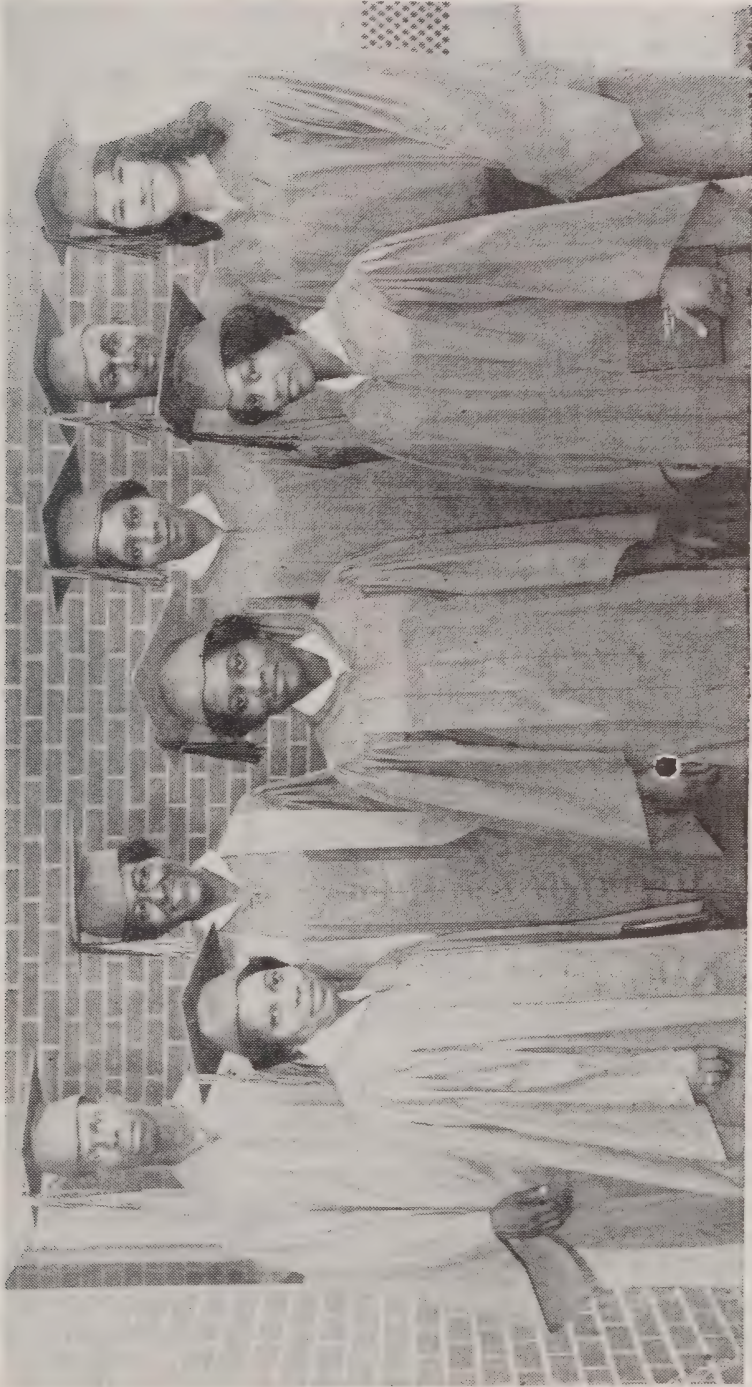

in training during the past year and the older boys in the summer in this number show great promise. Classes are held each Tuesday and Thursday evening for two hours each night. With our present facilities we were able to adequately serve the needs of the institution for this service.

On May 14 a personal accident suffered by the writer brought an injury that has handicapped the supervisor of this facility during the later part of the fiscal year. We are grateful for the assistance rendered by Mr. F. L. Landis and Mr. J. C. Bullock, local barbers, whose interest and cooperation kept our institutional shop operating during the school closing season and since.

It is our thinking that we have now advanced to the point where an effort might be made to bring our work in this area up to the standard acceptable to the State Board of Examiners with a view toward having our students qualify for the examination which might lead to licensing as barbers. If this can be done we would be able to render a service in a field which now is facing a shortage on a state-wide basis.

Respectfully submitted:  
E. L. TYLER, INSTRUCTOR

DEPARTMENT OF STATE AUDITOR  
BUREAU OF INSTITUTIONAL AND  
DEPARTMENTAL AUDITING

Raleigh, North Carolina

The Advisory Budget Commission  
Raleigh, North Carolina

## GENTLEMEN:

We have made an examination of the financial records of  
THE COLORED ORPHANAGE OF NORTH CAROLINA  
Oxford, North Carolina

for the fiscal year ended June 30, 1964 and submit herewith our report.

Exhibit "A" is a balance sheet of all funds showing their condition at June 30, 1964.

Exhibit "B" is a statement showing additions, from all sources, and deductions from the funds and the resulting net change in the fund balance for the year under examination. The Exhibit is supported by Schedules B-1 thru B-7. Schedule B-1 is a statement showing a comparison of the actual transactions and the budget of the Current Operating Fund. Revenue exceeded the estimated amount by \$2,305.33 and expenditures were \$114.75 greater than the estimated budget. Schedule B-2 is a comparative statement of receipts and expenditures for the year ended June 30, 1964 and June 30, 1963. Schedule B-3 shows the per capita cost of operations which reflects an increase of \$52.92 per orphan as compared to the preceding year.

Schedule B-4 is a statement of the farm and dairy operations and reflects a nominal loss of \$3,125.08 for the year ended June 30, 1964. The statement was prepared from information given us by the management and the prices and quantities as shown were not verified by us.

Expenditures from the Capital Improvement Fund amounted to a total of \$26,354.23, including \$215.80 for fund-raising supplies. Expenditures from this fund for repairs, equipment, etc., amounted to \$26,138.43 and are shown in detail on Schedule B-6. Receipts deposited in the fund amounted to \$27,664.62 resulting in a net increase in the fund of \$1,310.39. The unexpended balance in the fund amounted to \$16,856.28 at June 30, 1964.

A statement of the advances to worthy students is shown on Schedule B-7. The outstanding advances at June 30, 1964 amounted to \$25,291.74. The unexpended cash balance was \$3,626.08 at June 30, 1964. This fund was created in 1943-44 for the purpose of aiding worthy high school graduates of the orphanage in continuing their education. The only source of revenue for this fund is from contributions from individuals and organizations, and the repayment of prior advances. Contributions for the 1963-64 year amounted to \$2,615.44. The advances are made without any repayment plan and may be repaid at the pleasure of the party receiving the advance. There were no repayments received during the year under examination.

Exhibit "C" is a statement of Capital Assets which shows a total valuation of \$599,773.62. The valuations shown are not intended to represent the present value of the assets and are subject to appraisal and changes at the discretion of the Board of Directors.

GENERAL

Our examination consisted of a review of the accounting procedures and methods along with tests of the cash receipts and disbursement records for selected periods. Receipts per the records were traced to the depositories and verified by comparison with their records. Disbursements and their supporting data were examined for selected periods and determined to be in order. All bank accounts were reconciled and confirmed by direct confirmation with the depositories. We also applied such other auditing tests and procedures as considered necessary in the circumstances.

We wish to express our appreciation to the Superintendent and his staff for the courtesies extended us during the course of this audit.

Respectfully submitted,  
 HENRY L. BRIDGES, *State Auditor*  
 Prepared by NED DAVIS, R.M.
